<i>d</i>	<i>Business participation in water resources development, management and use at national level.</i>
<i>e</i>	<i>Gender-specific objectives for water resources management at national level.</i>
<i>f</i>	<i>Developing IWRM capacity at the national level</i>
2.2	What is the status of institutions for IWRM implementation at other levels?
<i>a</i>	<i>Basin/aquifer level organizations for leading implementation of IWRM plans or similar.</i>
<i>b</i>	<i>Public participation in water resources, policy, planning and management at the local level</i>
<i>c</i>	<i>Gender-specific objectives at sub-national levels</i>
<i>d</i>	<i>Gender-specific objectives and plans at transboundary level</i>
<i>e</i>	<i>Organizational framework for transboundary water management for most important basins / aquifers</i>
<i>f</i>	<i>FEDERAL COUNTRIES ONLY: Provincial / State authorities responsible for water resources management</i>
Section 3: Management Instruments. Assessment of Degree of implementation (0 – 100)	
3.1	What is the status of management instruments to support IWRM implementation at the national level?
<i>a</i>	<i>National monitoring of water availability (includes surface and/or groundwater, as relevant to the country).</i>
<i>b</i>	<i>Sustainable and efficient water use management from the national level</i>
<i>c</i>	<i>Pollution control from the national level</i>
<i>d</i>	<i>Management of water-related ecosystems from the national level</i>
<i>e</i>	<i>Management instruments to reduce impacts of water-related disasters from the national level</i>
3.2	What is the status of management instruments to support IWRM implementation at other levels?
<i>a</i>	<i>Basin management instruments.</i>
<i>b</i>	<i>Aquifer management instruments.</i>
<i>c</i>	<i>Data and information sharing <u>within</u> countries at all levels</i>
<i>d</i>	<i>Transboundary data and information sharing <u>between</u> countries</i>
Section 4: Financing. Assessment of Degree of implementation (0 – 100)	
4.1	What is the status of financing for water resources development and management at the national level?
<i>a</i>	<i>National budget for investment including water resources infrastructure.</i>
<i>b</i>	<i>National budget for the recurrent costs of the IWRM elements</i>
4.2	What is the status of financing for water resources development and management at other levels?
<i>a</i>	<i>Sub-national or basin budgets for investment including water resources infrastructure.</i>
<i>b</i>	<i>Revenues raised from dedicated levies on water users at basin, aquifer or sub-national levels.</i>
<i>c</i>	<i>Financing for transboundary cooperation</i>
Indicator 6.5.1 Calculation	
Section 1 Enabling Environment – Average score	
Section 2 Institutions and Participation – Average Score	
Section 3 Management Instruments – Average Score	
Section 4 Financing – Average Score	
Indicator 6.5.1 score = Average of above (Degree of IWRM implementation (0-100))
